

Our Environmental, Health and Safety Policy

At Monitex, we recognize our responsibility both to our employees and to the public. On a continual basis, we are committed to the following EHS Principles:

- Comply with all applicable environmental, health and safety regulations
- Prevent pollution and support sustainable development through proactive identification of pollutant sources
- Ensure a safe and healthy work environment for our staff by preventing safety risks
- Educate our staff about their responsibility to protect the environment in their daily work and how to work in a safe manner
- Share our EHS Vision and goals with the public and our clients.
