

Monitex. L.L.C is an EPA registered recycling organization

## “Receipt of Equipment”

Monitex LLC provides commercial recycle and reuse services to its customers on a contracted basis. We also provide to individuals and small businesses, as a service to the community, limited disposal of small quantities of electronic waste.

Due to the cost associated with the proper processing of E-waste, a fee is necessary to cover the cost of proper recycling. This service is available to the community as long as the quantity and type of equipment is acceptable to the management of Monitex LLC. All materials must be delivered to the recycling facility and inspected for hazardous waste and to determine the quantity and appropriate nature of the goods delivered.

It is our pleasure to provide this valuable service. If you would like to discuss your commercial quantities or a service agreement, please call 817-701-1200.
